

Sara Khan

Machine Learning Engineer | sara.khan@example.com | Hyderabad, India

SUMMARY

ML engineer with 2 years of experience deploying NLP models. Comfortable with Python and cloud tools.

SKILLS

Python, PyTorch, Hugging Face, LangChain, FastAPI, Docker, GCP

EXPERIENCE

ML Engineer, Lumen AI (2024 - Present)

- Fine tuned transformer models for document classification
- Built a retrieval augmented generation prototype for internal search
- Deployed models as FastAPI services on GCP

ML Intern, DataSpark (2023 - 2024)

- Labelled and cleaned text data
- Trained baseline models in Python

EDUCATION

B.E. in Information Technology, Osmania University, 2023
